M.Sc. (Tech.) | Supply Chain and Sustainability

Tampere, Finland | +358 40 123 4567 | aino.virtanen@example.com | linkedin.com/in/example

PROFILE

I help manufacturers cut waste from their supply chains without losing delivery reliability.

Supply chain specialist with six years of experience in procurement, logistics development and sustainability reporting in Finnish industry. Experienced in leading cross-functional projects between purchasing, production and suppliers.

CORE COMPETENCIES

Supply Chain Development · Strategic Sourcing · Sustainability Reporting (CSRD) · Supplier Management · Project Management · Process Improvement · Data Analysis

WORK EXPERIENCE

Supply Chain Development Manager

2022 – present

Example Industries Oy, Tampere

Manufacturer of industrial equipment, 800 employees.

Responsibilities

- Lead a team of four developing supplier performance and logistics processes.
- Own supplier sustainability data collection for the company's CSRD reporting.

Results

- Reduced inbound freight costs by 12% by consolidating shipments from 30 suppliers.
- Delivered the first CSRD-aligned supplier emissions dataset on schedule in 2024.

Purchasing Specialist

2019 – 2022

Sample Components Oy, Helsinki

Responsibilities

- Managed sourcing of electronic components for three product lines.
- Negotiated annual agreements with key suppliers.

Results

- Cut component lead times from 10 to 6 weeks by qualifying two new suppliers.

TRAINING AND VOLUNTEERING

- Mentor in a university career program, 2023 – present.
